

Your gift today will also activate your Ontario Nature membership for 2015! This is your chance to make a gift to help wild species you love and wild spaces you explore. With your gift of \$50 or more you'll continue to receive all your membership benefits. Please, give today! - Caroline

Yes! I will provide critically-needed funds to protect wild species and wild spaces across our province!

\$56 provides plants to establish new pollinator habitat at our Cawthra Mulock Nature Reserve and supports our Youth Council in their campaign to promote pollinator-friendly practices and ban the most harmful pesticides

\$75 surveys 100 square kilometres of spotted salamander habitat, recording and monitoring populations. This is vitally important because salamanders appear to be disappearing in many areas and are excellent indicators of ecological health

\$102 keeps us on the ground every day establishing partnerships with farmers, local nature groups and others to help expand greenway habitats for species like the rapidly declining red-headed woodpecker
